HUNS SCURRY TO COVER

September Five is Date of New Draft Registration

TREMENDOUS LOSSES ARE SUSTAINED BY BOCHES

PARIS, Aug. 5.—Pursuit of the Germans continues and only a few enemy troops remain south of the Vesle, says the Havas Agency today. French patrols have crossed the Vesle at Bazoches and Jonchery.

Allied troops hold the entire southern bank of the Vesle, between Fismes and Rheims. Stubborn resistance was made by Prussian and Bravarian Guards between Muisgn and Champigny, but they were forced back suffering heavy losses. Both banks of the Vesle now are under heavy artillery fire.

The Germans it is believed, probably will not attempt a definate halt before the Aisne is reached.

The enemy has suffered serious losses in men and material. Enemy dead are scattered along all the roads leading north.

LONDON, Aug. 5.—Telegraphing from French headquarters on Sunday evening, Reuter's correspondent says:

"The German withdrawal on the Avre extended to Fontain-Sous-Montdidier and Mesnil-St. Georges, which is two miles straight west of Montdidier. The enemy abandoned the whole western bank of the river south of Aubvillers and along the line of heights captured in the French attack of July 23, our line has been advanced 500 yards east of Grivesnes, including Hill 115, and the same distance east of La Capelle and St. Aignan, to the south. Thence it runs along the line of heights northeast and east of Mesnil-St. Georges.

"The Germans are now engaged in three retirements, one involuntary and two voluntary. As usual, they are retreating slowly and in good order.

"On the Tardenois battlefield our troops are closing up to the Vesle east of Fismes. On the western side, Rheims is completely disengaged."

In the communique on Sunday night the French war office stated that Fismes was completely in the possession of the allies and that little elements of the French had succeeded in getting a foothold on the north bank of the Vesle at several points. Northwest of Rheims, the allies gained ground as far as the village of Lauleuvillette, where the Germans put up a strong resistance.

Gains for the French on the southern part of the Picardy front were announced also.

AMSTERDAM, Aug. 5.—"American troops who have been employed in battle have shown themselves to be thoroughly good fighters," remarks the Berlin correspondent of the Cologne Volky Zeitung. "That enhances the success which our brave troops and their commanders have attained," he adds.

HUN PROPERTY IS SOLD TO FIGHT HIM

The money and property which has been taken over by A. Mitchell Palmer, enemy property custodian, has passed the $500,000,000 mark.

All cash taken over is sent to the treasury to be invested in Liberty Bonds, and, wherever possible, the enemy property is converted into cash, which is similarly invested. On July 31 Palmer had purchased $2,970,027 worth of bonds and $2,807,905 more was available at the treasury for investment in the coming loan.

STATE'S QUOTA FOR UNSKILLED LABOR FIXED

Allotments of quotas of unskilled labor to be furnished by the various states to war industries during the next two months, under the system of government recruiting put into operation today under the United States employment service, were announced by the Department of Labor. By assigning quotas of unskilled laborers to be furnished in each state, the employment service took the first step in meeting the shortage of common labor estimated by reports received today as approximating 500,000.

The quotas, it was said, are the net requirements of the various war industries and do not make allowance for extra needs or for labor turnover. Complete returns of the labor needs are expected by August 15 and when the estimates made at that time are tabulated, a supplemental list of quotas will be issued. State directors of the employment service were instructed today to begin immediately the apportioning of the state quotas among the local districts.

In California the quota is 21,555 men.

On the return trip Mr. Ludewig will stop in Fresno, Merced and Tulare to make arrangements to ship cattle from that country.

ERRICKSON IS CHARGED WITH INSANITY BY THE OFFICERS

Constable Art Alstrom took V. Errickson, the man who jumped off the Richmond-San Rafael ferry dock, with suicidal intent, to Martinez today and placed him in the custody of Sheriff Veale.

Errickson is stark, staring and fighting crazy. He kicked and bit and clawed Constable Alstrom all the way from the police station to the court house in Martinez, where he was placed in a padded cell.

He will be examined for insanity tomorrow and committed to an insane asylum.

CASUALTIES FOR DAY TOTAL 700

WASHINGTON, Aug. 5.—Casualties among the American troops in the severe fighting in which they have been engaged since July 15, when the German offensive was launched and halted at the Marne, are now being reported in the daily lists from General Pershing, though no estimate of the total has yet been received.

Men from forty-six states are named in the list, with no predominating number from any one state. This was taken to indicate that the casualties were scattered through many units. The states not represented in the lists were Arizona and Delaware.

An additional list of nearly 300 names, bringing the total for the day to about 700, was checked at the War Department today in preparation for publication in the morning papers of tomorrow. No information concerning the list further than the fact that is was to be issued was to be had at the department.

There are ten casualties from California in the list published today and others from various Pacific Coast points. The lists is not alarming and is no larger than was to be expected from such a power drive as has been participated in by the American forces since the 15th of July up to date, the interim beng one continuous battle almost day and night.

SALVAGE SHOP APPEALS FOR MERCHANDISE

The Red Cross Salvage Shop will be moved this week by Mrs. E. B. Anderson, the manager. There has been some delay over the matter on account of the death of Mrs. Anderson's mother, but she is now ready to make the move as soon as she can obtain suitable help. It is a big job and one which will entail a vast amount of work to accomplish.

Mrs. Anderson requests the Record-Herald to make a special plea to the ladies of Richmond for articles for her salvage shop. She wants anything that will prove salable. There are many people who have articles about the house which they would like to dispose of, but do not want to throw away for various reasons. Toys, clothing, furniture, books, plants, dishes and a thousand and one other things can be given by the people and the salvage shop will sell the articles and the money will be spent for the Red Cross and "the boys over there."

The Red Cross has a great deal of money on hand, but the need is great. Thousands of our boys have been wounded and these must be cared for by the Red Cross and a great deal of money will be required to give them the proper care and attention. So if you have anything that can be possibly spared for this purpose, for the love you bear your country, now is the time to give it for the great cause of Humanity and Democracy. Remember, you are helping your own boy or some friend's boy by thus giving of your bountiful supply.

FIRE COMPANY NO. 2 RESPONDS TO CALL

Fire company No. 2 was called out just after noon today to put out a fire at No. 511 Bissell avenue. The fire started from a gas stove being too near a wood partition. The fire company put out the blaze with a few gallons of chemicals, without particular damage to the building and furniture.

EIGHTEEN TO FORTY-FIVE IS LIMIT OF AGE FOR NEW CONSCRIPTS

WASHINGTON, AUG. 5.—Provost Marshal General Crowder, in a statement summitted by Senator Chamberlain today, suggested September 5 as the date for a national registration of men within the proposed new ages for the draft.

WASHINGTON, Aug. 5.—The new administration man power bill extending the selective service act to all men between the ages of 18 and 45 inclusive, was introduced today in both Houses.

The measure was referred to the military committees. Congressional leaders plan to have it considered this month.

In presenting the bill to the Senate, Chairman Chamberlain of the Senate Military Committee gave assurance that everything would be done to expedite its passage.

Senator Curtis of Kansas, and Senator Jones of Washington were in favor of taking up the bill immediately.

According to Secretary Baker's figures, 2,289,000 men between the ages of 18 and 20 inclusive and 32 and 45 inclusive would be subject to military service. Of this number 601,000 would be men between 32 and 45.

Chairman Dent of the House Committee said that with only three members of the committee now in the city, it was doubtful if the committee could be called together before the House re-assembled August 19.

The principal portions of the administration "man power bill," which will extend the draft ages from 18 to 45, presented to con-

THE CZAR'S LOYALTY.

M. Frederic Masson publishes in the Paris Gaulois a document which he has obtained from a most reliable source. In November, 1915, Count Eulenburg the Prussian court chamberlain, sent a letter to Count Fredericksz, minister of the imperial court of Russia, expressing a wish to see their old time friendship reestablished between the two emperors. The czar intrusted the drafting of a reply to M. Sazoniff, his foreign minister, who submitted this reply to the emperor:

"Get the kaiser to send a collective peace proposal to all the Allies of Russia."

The czar thought this reply perfect, but added that after reflection he would prefer that Count Eulenburg's letter should remain unanswered. He wrote on the margin of the letter:

"The friendship is dead. It must never be mentioned again!"

The Gaulois publishes the letter as a proof that Nicholas II was faithful to his allies to the end.

ALL AMERICANS NOW.

A Londoner recently wrote to a London daily protesting because Canadian soldiers had been called "Americans" in its pages. That editor solemnly and patiently wrote a reply explaining that Canada was as much a part of North America as the United States, and even a larger part.

The point for regret is not that it was necessary for a London newspaper to explain this to its readers in this enlightened day, but that this distinction of nationality should be made between Canadian soldiers and those of the United States. Of course for purpose of military organization the two armies must be distinct, but for purposes of winning the war, we're all AMERICANS now.

There is no army in the field that so closely resembles our own in personnel and in fighting ability as the Canadian. Men of both armies are stalwart, healthy, upstanding Americans of the best manhood of North America. Their likes and dislikes, even their army slang are the same. They smoke the same brand of cigarettes and maybe they even write to the same girls.

BLOOD MUST WIN.

George E. Bowen, writing in the Vigilantes declares that it is all a matter of training and heritage in the matter of winning a war. He says:

"Blood must win!" And so it must.

That is the challenge of barbarism to the world. An amazing ultimatum. Unbelievably brutal.

But 7,000,000 dead men and twice as many wounded have verified the Kaiser's code with their lives.

Most of them scorned the idea as inhuman.

Again, they prayed it might be false report.

At last——. There is no other answer. "Blood must win."

Some of it will be American blood, mingled with the blood of France and England, of Belgium and Russia, of Italy and Poland.

But most of the blood of victory—and finally all of it, will be German blood—that which surged against humanity and all the reason of history.

The blood of the world's great victory over the code and claws of the Beast will be German blood—but the victory will not be for the Prussian Eagles or for the Hohenzollern arms.

The blood of Germany will be the price its ghastly ambition pays to the outraged decency of the world.

Four years ago no sane person believed we ever again would go through the red shambles of death to establish world peace and world decency. The progress of ideas, the economy of life itself, guaranteed peace. The enlightenment of the world proposed equality—accepted the spirit and the service of democracy.

The scars of the last great sanguinary struggles of nations were a sure promise of better understanding and gentler ways of reconciliation and adjustment.

But once more the tranquility of earth is torn asunder and peaceful lands are drenched with human blood. Insanely, ferociously, hatefully, the power of the Beast has willed it so—the only answer is one his fury will respect and comprehend.

"Blood must win."

And not until the Germany of Wilhelm Hohenzollern and his assassin crew, is drained dry of its lust for conquest and dominion, shall peace enfold the world.

Ludendorff was right. Victory must emerge from a deluge of blood. The tainted blood of Germany's royal murder-bund. The shedding of which will be its first and only worthy service to humanity and the world.

THE DANGEROUS AGE.

When is the dangerous age? Always a little around the corner from where your particular philosopher happens to be located, says the cynic. But these are generalizations of some standing, and the war is adding a new and important one, true for men, at any rate, it is contended.

This particular dangerous age was described by a French lieutenant as beginning around 40, and being those years when a man still feels young and can, in fact, as a result of his years of experience, do everything more skillfully than ever before in his life, but cannot, in a purely physical contest, maintain his skill or pace. The sense of ability in these dangerous years is very great and very real, but fatally deceptive. You feel better than ever before in your life. And you are better—while you last.

Deceptive, treacherous years they are, rather than necessarily dangerous. For it is only on the purely physical side that the failure comes. Mentally a man grows, or should grow, better and better. And a woman, too. If you would go to war you must be sure that your task does not ask the impossible of your body.

Careers, by all means. Start them whenever you will—at 66, as did DeMorgan, if you prefer. The more dangerous the year the better. It is only the bayonet and the airplane and such like toys of youth that must be denied your old codger of 40-odd

WAS FORCED TO GO OUT OF BUSINESS

MRS. HALL'S HEALTH FAILED COMPLETELY—TANLAC RESTORES HER.

"I regret now that I did not take Tanlac sooner as I would not have had to sell out my business," said Mrs. Minnie Hall, proprietor of the lunch stand known as "Mother's Lunch" in the Farmers Market at Seattle, Washington, recently. Mrs. Hall has lived in Seattle for eighteen years and resides at 330 39th Ave., North West. Continuing her statement Mrs. Hall said:

"I had suffered from stomach trouble and nervousness for several years. My stomach got in a terribly rundown condition and kept getting worse until it resulted in nervous prostration. I sold out my business because I just could not hold out any longer. I was then taken to the hospital, where I lay for nearly two weeks, and when they carried me home I was no better off than before. My head ached so badly I felt like my eyes where weighted down with lead, and my back hurt so it felt like it would break, my stomach got in such a bad condition I could hardly eat anything, and what little I did manage to force down would ferment, and the pain caused by it would almost draw me double. Gas would form and bloat me up so I could not wear my corset, and I was so nervous and miserable that I never knew what a good night's sleep was. I lost weight all the time, and had gotten in such a bad fix that I really thought my time had about come.

"Then as a last resort I began taking Tanlac, as I had read and heard so much about it, and the first bottle made a big change in my feelings. I have taken four bottles now, and it has made such a wonderful improvement in my condition, that I have bought my business back, and am working every day without the least bit of trouble. I have already gotten back fifteen pounds of my lost weight, and am not bothered any more with headaches or backache. My appetite is fine, and my stomach is in such a good condition that I can eat just anything I want and never feel a sign of indigestion. I think so much of Tanlac, that whenever anyone comes to my stand and talks of having indigestion and stomach trouble, I always tell them to take Tanlac, and I know several people who are taking it because they know what it has done for me."

Tanlac is sold in Richmond by F. B. Lamoine, in Antioch by H. J. Schuman and in Crockett by J. Civiletti.—Advt.

BIG REQUISITION IS ASKED OF LOCAL RED CROSS FOR DELIVERY ON SEPTEMBER 1ST

The demands on the Red Cross of this city are going to be very great, according to the officials of the local chapter and the women of Richmond will be compelled to redouble their efforts for the benefit of this great cause and the boys "Over There."

Think what these boys are doing now! They are doing the superhuman work of driving the Hun from the fair land of France and Belgium. They are being grievously wounded—maimed for life, many of them, for YOU! Is it too little to ask that you go to a comfortable room for four or five hours each day, or two or three times each week to assist in providing conveniences which will assist in easing their dying moments or perhaps help them back to health and strength?

Of course it isn't, but you never thought of it in just that light before. But this is what it all means and it is the reason why you are asked to respond to the calls of the Red Cross.

The Richmond Chapter of Red Cross has been requisitioned for the following articles which are to be sent out by the first of September:

Day Shirts	450
Blouse Suits, Pants and Blouses	40
Bed Socks	1000
Girls' Dresses	300
Pinafores	250
Socks, pairs	400
Sweaters	200

All these things and many more must have markers sewed on them showing they are made by the American Red Cross and they must also have the sizes marked on them plainly, so as to avoid confusion when they reach their destination overseas. Then they must be packed in lined boxes and these boxes must be marked in a plain manner, so there will be no possibility of them going astray.

There are two reasons for sewing markers on every article. One is so that credit will be received by the American Red Cross for work done and the other is to let the boys—our boys—who are going through the deluge of hell-fire for us, know we are standing squarely behind them and will do everything in our power for their welfare, even to the sacrifice of our last dollar and the last meal.

This, then, is the reason why we must do everything possible for the Red Cross. It is the only institution in the war zone that can save our boys from death after making the fight and receiving wounds on the battlefield.

The women of Richmond must respond! The need is very great. If you have been giving one day each week, give two or three, or more, if you can. Your work for a day or half day may save the life of some mother's boy, if not your own. The women of Richmond have a great task before them to meet the demands on the local Red Cross, but they will be found willing to do all that is asked from them and more, too.

RALPH LEWIS HAS ARRIVED IN FRANCE

Ralph Lewis, formerly mail messenger of Richmond and who joined the air squadron foreign service, has arrived safe overseas, according to a letter received from him by his father today he is safe and sound and enjoying the best of health and feels at home in his new surroundings already.

He says that going across the Atlantic they had some rough weather, but it only lasted for a few days. Richmond friends who desire to write to him can address letters to Ralph Lewis, Q. M. 2 C., Air Squadron, Killinghelme., care of Postmaster, New York.

"BOTH YOU AND I CAN DRESS BETTER, MYRTLE, AND I'LL TELL YOU HOW—GO TO CHERRY'S.

"Of course, we don't either of us get the salary we had ought to but we've got to look nice, just the same, so I made up my mind there all you have to do is to pay that is buy at Cherry's, because there all you have to di is to pay a small amount down and then a little out of your salary each week, making it real easy for us girls. And what's more, we get just as nice things as if we paid ever so much higher for them, and we have scads of lovely dresses, suits and coats to choose from. Let's go over there right away and shed these outfits we have on. Right in the nicest shopping district, too. They have two stores—a women's store at 515 13th and a men's shop at 528 13th St., Oakland."—Advt.

Not One Chinese In Ten Thousand Has Constipation

except a few drug users, while about 90 per cent of the Americans suffer from this dread complaint. The FONG WAN HERB SPECIALIST gives the following explanation of this phenomenon. "When a Chinese is ill, he immediately consults a Herb Specialist and the cause is removed, but, when an American feels bad, the first thing he does is to take a PHYSIC. This may relieve him temporarily, but repeated doses of such drugs eventually paralyze the bowels. As the bowels can no longer move naturally, physic taking becomes a habit, the weakened bowels drag, and there is a heavy pressure of gas on the rectum. If the poor victim be a man, the physician will usually tell him that his trouble is piles; if a woman, that it is female trouble." By drinking the Fong Wan harmless Chinese herbs, hundreds of Americans have not only been relieved of their stomach and bowel troubles, but have been made normal again. Their testimonials are on file.

CROWD TOO BIG FOR BIG STORE TO HANDLE

The management of The Big Store wishes to apologize to the people of Richmond for having failed to provide a sufficient number of salespeople on Saturday, the first day of its great "turn over" sale. While quite a number of extra people have been employed for the time during which The Big Store is selling out the large stock of the Economy Store of Point Richmond, yet the management of The Big Store was sorry to realize on Saturday that the service was far short of what it should have been.

For the coming days of the sale arrangements have been made to give the best of service and Manager Marcus tells us that no matter how large the crowds will be this week he will see to it that they get not only the best of bargains but real first-class service, too. We learn that many new offerings are to be incorporated into the sale this week especially on Tuesday for there was so much merchandise taken over from the Economy Store at the Point that it could not be shown to advantage at one time.

It would probably pay shoppers to drop into The Big Store every day during this big sale for the attractions in some instances are quite extraordinary. Mr. Macus says he hopes that people who were disappointed on Saturday because they could not be properly waited on will come on Tuesday or Wednesday for he is sure that he will there made satisfactory arrangements by that time to give each shopper good service.

Richmond is certainly fortunate to have an up-to-date, wide awake department store like The Big Store. At this enterprising place of business there seems to be some real attraction continually that interests the women shoppers and it certain that where women shoppers congregate the values are good. You cannot fool a woman shopper very long.

We congratulate The Big Store on this very successful deal with the Economy Store and we hope that enough clerks will be available this week to take care of the business.

ALICE BRADY IS FEATURED IN FILM DRAMA

"At the Mercy of Men," featuring Alice Brady, the winsome Select star, directed by Charles Miller, will be the attraction here at the Richmond Theater on today and tomorrow.

Vera Souraff (Alice Brady) is seized on the street by three carousing officers of the Czar's Imperial Guard, and despite a terrific struggle in the dark, is ruined by one of them. Before the police can break into the resort, the officers escape and Vera also gets away, still ignorant of the identity of the chief malefactor. The especially tragic element of the girl's misfortune is aggravated by the fact that it fell on the very day when she was to celebrate her betrothal to Boris Litofsky, a young radical, whom the shock of his financee's fate drives to mad revolutionary activity. He even persuades her father, a retired major of the Russian army, to lead "the forces of the people."

In the meantime, the Countess Zaptine, a patroness of Vera, interests the Czar in her plight. How he punishes the officers and especially Count Nicho, the eldest of the trio; how Vera refuses to accept their patrimony or even to live with Nicho as his wife after the Czar compels him to marry her; how she later shows her heroic love and wins his undying affection, make a thrilling tale of "At the Mercy of Men" in these days of topsy-turvy adjustment, political and social. A timely photodrama, with Alice Brady's delineation of the unfortunate heroine revealing this actress at her best.

PEOPLE HERE ARE CALLED UPON TO DO FULL SHARE IN WAR STAMP CAMPAIGN

An important meeting of the County and State Directors of War Savings was held at the Palace Hotel on Friday, at which time Warren H. McBryde, County Director, and W. T. Helms, local chairman, were in attendance. The meeting was called by B. F. Schlesinger, State Chairman, for the purpose of considering two important matters in connection with the drive for Northern California.

Proposition No. 1, concerning those counties which had not gone over the top in the drive, of which Contra Costa county is one, Mr. Schlesinger put it plainly before the meeting that every county is expected by Washington to meet its quota, and that a careful investigation would be made as to why the people in all counties failing to meet their quota had failed to do so. The State office during the coming month will make a special effort to make an investigation into each county, and to lend whatever assistance the its quota of stamps during the balance of the year.

Mr. Schlesinger has arranged a special meeting with local Chairman Helms for Tuesday of this week, at his office in San Francisco, when the Richmond situation will be thoroughly gone over.

If Richmond a careful checking will be made of all cards filed, and a list made of all persons who have not pledged to purchase War Stamps. All people who have failed to make pledges will be visited and the reasons for their failure to do so, thoroughly investigated.

The second proposition to come before the meeting was the adoption of some plan to check up on the pledges and the payments made. In Richmond the following plan will be pursued. Copies of all pledge cards will be made and filed with the place designated by the pledges for payment. Alphabetical lists will also be supplied to those places and each person paying on the pledge will be given credit on the list. All places selling stamps will be asked to keep a list of all persons who buy stamps and whether or not that person is making a purchase to apply on a pledge. As many people are purchasing at places other than designated on their pledge cards.

Many people are buying War Stamps who have not made a pledge feeling that they do not wish to make a pledge, but will buy what they can without pledging. While this is commendable and is helping the Government, it is not helping Richmond to make its quota. It is certainly hoped that all who have not yet made pledges will do so at once. Pledge cards may be obtained at the banks or by phoning the local chairman.

At the meeting Tuesday a resolution was passed asking Governor Stephens to set September 9, as "Cashing-in-day" for War Savings pledges. The purpose of this is to have as many people as possible pay their pledges in full by September 9, in order to dispose of the balance before the Fourth Liberty Loan Drive. However, there is nothing compulsory about this. Those desiring to have their pledges run on until the end of the year have a perfect right to do so. It is also hoped that on September 9, many persons will renew or increase their pledges.

In Richmond a very active campaign will be carried on between now and September 9, with the hope that Richmond announces that it has pledges its quota before that date.

If you have not made a pledge on War Savings, do so at once. To raise $400,000 by pledges will take more than a $5 per month pledge per person. What we will have to do will be to get a great number of people to pledge at least $25 worth of War Savings Stamps per month for the balance of the year.

TO ALL PATRIOTIC CITIZENS

The following appeal to patriotism is issued by the Power Administrator appointed by the Railroad Commission of the State of California:—

Conserve Electricity

Patriotism demands that you save electricity for war industries.

Northern and Central California have a **SERIOUS** power shortage because of lack of rain during the past winter and the increased use of electricity by war industries.

These War Industries Must Have Power

There is not enough power for everybody at the present rate of consumption. It is up to you to save. Turn off lights whenever possible and use lower power lamps.

This is one other thing you can do in the great struggle.

Power Administrator.
